

Edge powered by Wheeling Country Day School
We're bringing fearless learning to students everywhere, transforming a 'can't do' mindset into one filled with belief and confidence in themselves. We believe in the potential of every student to overcome their learning challenges.

TURNING LEARNING DIFFERENCES INTO LEARNING **ADVANTAGES**

"I thought I would never be able to read... I have been taught to read and spell. This has been the best year of my life. -Gus, alumni

Ready to create impact? Help students unlock their full potential? Edge is a literacy and math learning program designed to help students go from lost to confident. With our specialized evidence-based assessment techniques, we are able to discover the ways our students learn best. **We're transforming weaknesses into strengths so students can excel in and out the classroom.**

All students should have the opportunity to learn in a fearless environment and the ability to create meaningful connections in order to discover their true potential. Our tutors build relationships, empower our students and help them do more than just survive. At Edge, we teach students to embrace the challenges and beauty of a brain built differently while removing the pain and chore of surviving school. In short, we change minds. That's the power of learning fearlessly.

INTRODUCING EDGE:
A Literacy and Math
Virtual Learning
Program

Our tutors share a vision of engaged learning that sparks a student to think independently, communicate effectively, and create without bounds. Our structured literacy and math methods ensure our students enjoy the ongoing learning process rather than focus on a fixed result. Join our enthusiastic tutors who are transforming 'can't do' mindsets into those filled with belief and confidence.

We're a non-profit organization committed to celebrating differences and bringing fearless learning to students everywhere.

CONNECT TO STUDENTS WHO NEED YOUR HELP

Empower students with fearless learning.

Have a virtual meeting with Edge staff to learn more and enroll as a tutor.
